Collection Awards Design Competition 2018

Attention: Designers, Manufacturers, Students and Learners

The Jewellery Manufacturers' Association of South Africa (JMASA), a division of the Jewellery Council of South Africa, invites you to enter the

Jewellery Council Collection Awards Jewellery Design Competition

THEME: "RETRO JEWELLERY"

Retro jewellery refers to pieces created in the 1940's and 1950's - a period during which jewellery designers were largely influenced by the changes accompanying World War II.

Big, exaggerated, ostentatious and bold pieces are a classic example of this era. Does it twinkle? Does it jangle? Does it sparkle? Then it is quite likely that it is a retro piece. The bigger, the better may as well have been their motto!

RULES FOR ENTRY:

Rules related to entries include the following:

1. Entrants are invited to design and manufacture a **pair of earrings**, which can be sold commercially. No other variations will be accepted.
2. Entrants will be required to submit the following:
 - 2.1 A fully manufactured pair of earrings. No renderings or technical drawings will be required.
 - 2.2 A description of the item and the materials utilised (refer to the Entry Form)
 - 2.3 A short paragraph on the inspiration for the design within the theme “Retro Jewellery” (refer to the Entry Form)
3. Each entrant may enter only 1 piece.
4. Any material may be utilised such as precious metals, brass, wood, plastic, copper, diamonds, synthetics, etc.
5. The item needs to be a wearable, commercial item. No ramp pieces will be accepted.
6. Designs must be original and may not have been offered for sale, publicly displayed or entered in any previous competitions.
7. There will be a restriction on the retail value of the item of R5000.
8. The JMASA and the Jewellery Council of SA takes no responsibility for loss or theft whilst jewellery is in its possession. Entrants will therefore be responsible for insurance of their jewellery.
9. The JMASA reserves the right to disqualify entries not conforming to all of the above specifications.
