It is probably because their details were not captured accurately. Please recapture them with a direct capture (rather than the CSV) because there are less likely to be mistakes made

# WHAT HAPPENS AFTER APPLICATION

## **I have received payment but am not sure how much to pay each employee?**

Check the successful payment report where the payment is broken down by employee)

## **I did not get paid as much as I was expecting?**

You may have incorrectly captured the amounts on the Excel Spreadsheet check the difference in amounts between “Employee’s current remuneration” and the amount you have paid the employee during the lockdown. If you did get this wrong, you, as the Employer, must send the correct spreadsheet to [covid19postpaymentenquiries@labour.gov.za](mailto:covid19postpaymentenquiries@labour.gov.za). with your UIF reference number in the subject line.

This may be because you selected the payment period for the first 3 weeks of the lockdown, which means you would not have received payment for all 35 days of lockdown. There is going to be an automated payout for the additional 2 weeks (which is the extended 14days of lockdown) so this will happen automatically you do not need to do anything.

## **I need to add more people to my claim?**

You are able to add in new people to your claim:

- Login to the Covid-19 TERS Portal
- Select - “Employee Details”
- Click the orange Add new employee button

If you are adding employees you will need to do this one-by-one rather than with the CSV

## I have received confirmation that my CSV was uploaded correctly but when I come back to my profile, I see an error?

Employer not yet captured.If CSV file is sent. The file was Invalid and hence failed loading. Please Resend the file.” **OR**

“No Employees Found. Add Employees”

This means that the CSV upload has failed. Please note the following:

- The system will not detect that the file won't work until it tries to process it, only then will it reject the error, which is why you may have received notification that the upload was successful even though it has now failed
- Ensure that you created the CSV file correctly
- The most likely way to succeed is to manually upload employees one-by-one as there are less chances of making mistakes
- If you have hundreds of employees then use the CSV file, just ensure you fill it out very accurately

## What happens if the lockdown is extended?

- The UIF will make payment for a maximum of 3 months
- If your organisation remains closed during level 4 lockdown, they will be able to continue claiming for TERS (for up to 3 months)
- Applications for May have not yet opened. Keep checking the website for notification of when it opens

## HOW DO I REPAY THE UIF?

If one of the following happens and you need to repay the UIF:

1. You received the wrong amount
2. Some of the your workforce have come back to work since your claim, and you've paid all or a portion of their salary to them
3. You applied for the wrong people

**In these instances you can make payment :**
